

AMERICAN RIVER
MEDICAL

15TH
ANNIVERSARY EDITION

TRUE SOLUTIONS

American River Medical delivers true solutions for the healthcare professional. True Solutions solve real problems in an intelligent, efficient and customized manner that truly empower those who care for patients. Our calling is not to heal patients but to support and empower those who do. The American River Medical team addresses objective needs with personalized care and responsive agility.

TRUE SOLUTION

Our team is pleased to bring you this True Solutions publication. We think you will find it to be a valuable resource for learning, referencing product solutions, and experiencing the benefits other healthcare facilities receive from their relationship with American River Medical.

We believe True Solutions are smart solutions. That's why we encourage healthcare decision-makers to follow our work methodology: VIEW, LEARN, and MEET.

- **View** the options by leafing through the pages of this publication or visit us online.
- **Learn** the various advantages and benefits by previewing our videos, publications and case studies.
- **Meet** with us by connecting with us online or by calling us directly to make an appointment.

We can help you determine the best solution for your environment of care. A True Solution will match your protocols and exceed your expectations, every time.

As a medical professional, you've dedicated yourself to helping others. Our passion is to make your calling a little easier to pursue, every day.

We look forward to hearing from you!

For Your Solutions,

Taggart F. Neal
President, American River Medical

AMERICAN RIVER
MEDICAL

HEAR WHAT OUR CUSTOMERS HAVE TO SAY

“American River Medical’s customer experience is the heart of their business and culture. This core value is reflected in their sales model, brand, and partner relationships. MedSpec recognizes the excellence exemplified by American River Medical and raise our glass to True Solutions!”

— Michael Darst, Director of Sales, MedSpec, Inc.

“American River Medical is unlike any vendor I have ever consulted. The owner listened to our concerns, understood our “big picture,” and directly addressed our needs. His willingness to work with and for us as opposed to selling us a product has significantly increased our staff satisfaction and overall success.”

— Emergency Services Manager, Roseville, CA

“American River Medical delivers the highest level of service for the best WOW's in the industry. Since 2015, they've been our “Go-To” for mobile computing carts, workstations, and wall arms. Tagg even drove a truck of carts across two states to ensure we had the tech we needed for our clinical staff when we needed it. To optimize your resources and get the best of service and technology, give American River Medical a call.”

— IS Department Manager, New Mexico USA

TAHOE™ Designed for Nurses...by Nurses

Standing alone at the confluence of innovation, design, and sustainability, TAHOE™ is ready to perform for your supply, treatment, procedure, and specialty cart applications. With patented technology, TAHOE™ is your partner in care bringing unparalleled safety and work-flow optimization to your healthcare facility. Powered by Design and Designed for Care, see what TAHOE™ can do for you.

The design process

TAHOE™'s formal design company, Enlisted Design, facilitating the “Audience Definition and User Map Journey” with design team in Oakland, CA – 2020

The forming of a company

TAGCarts, Inc. receives it's first US Utility Patent allowing the TAHOE™ and future TAGCarts' models to enhance and advance clinical care – 2021

The engineering and prototype stages

Investors and advisors receive the TAHOE™ prototype at PRIDE Industries in Roseville, CA – 2021

The pitch and presentation stages

TAGCarts® Five Start Bank Tank – Pitch Presentation Sutter Club, Sacramento, CA – 2021

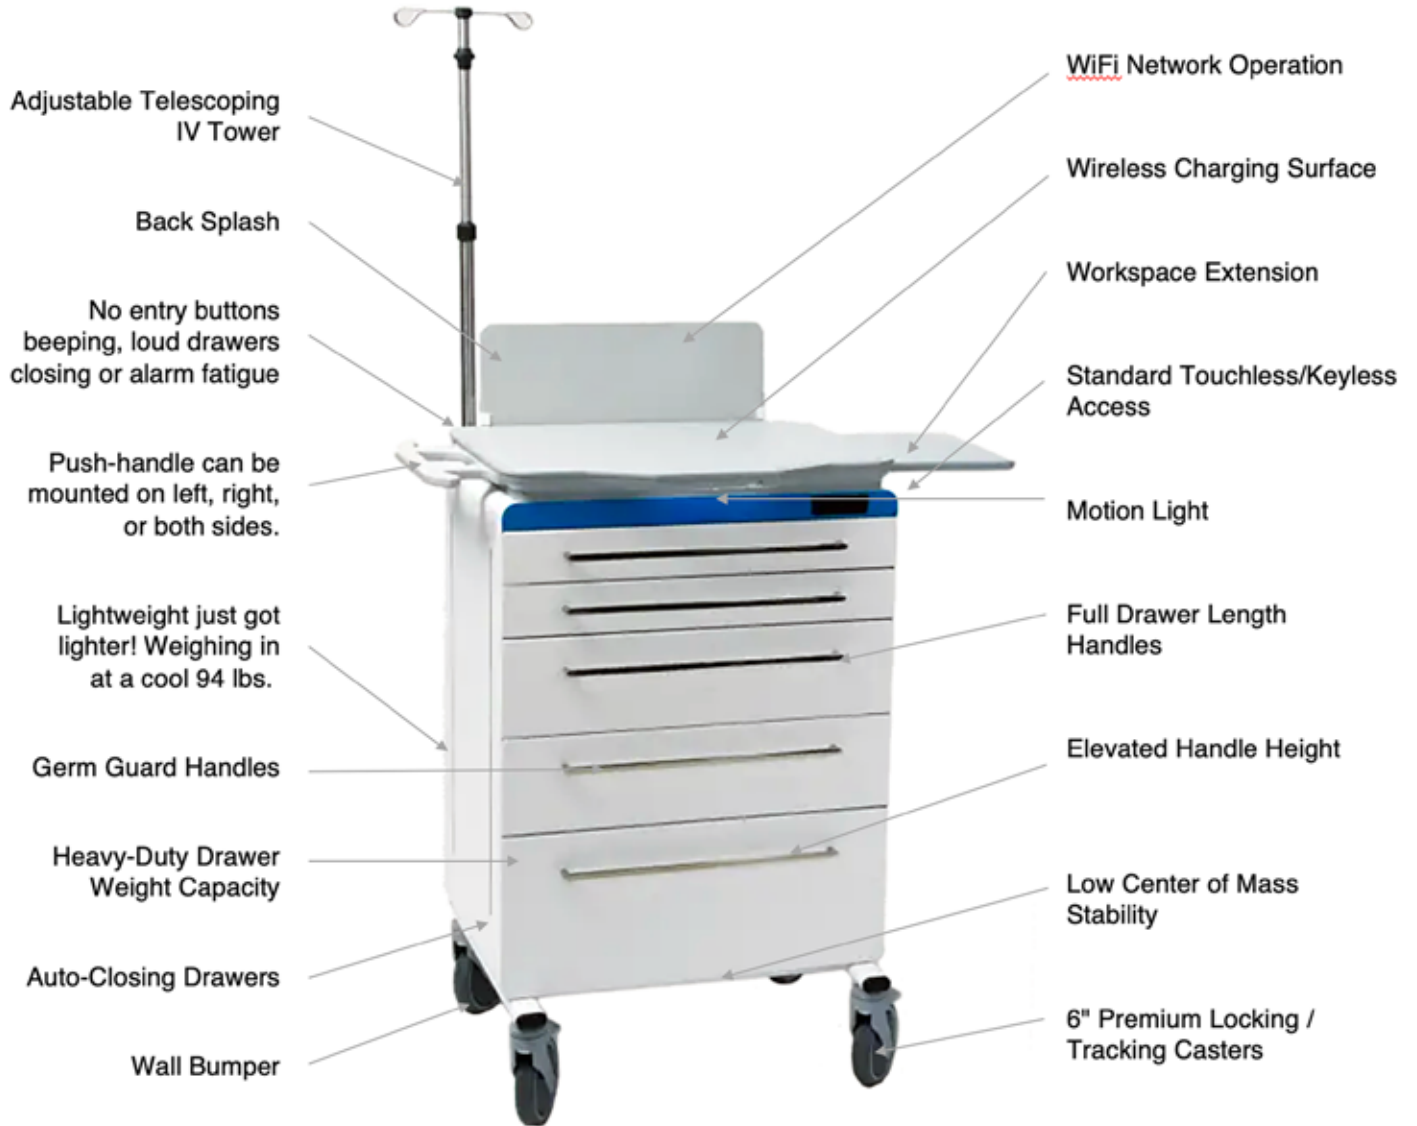

The go-to-market strategy and launch

The TAHOE™ prototype in-person demonstration for hundreds of clinical care nurses and staff at 10 northern California hospitals. The outcome of this process resulted in critical evidence-based design refinements and a complete sell-out of demo inventory – 2021

THE TAHOE™ BY TAGCARTS®

Our industry-first standard no-touch access medical cart with just a wave of your badge, bracelet, or tap of your phone.
